- To share effective teaching strategies and classroom management techniques.
- To emphasize the importance of building relationships with students.

On 29 June 2024, MBS International School organised an enriching workshop titled "I am a Teacher," led by the torchbearer of the school, the Principal, Mr. Atul Wadhawan. The workshop served as a reminder about a teacher's multifaceted roles, responsibilities, and desirable qualities. The session commenced with a welcome note by Ms. Savita Chhillar (Jr. Head Mistress), followed by the chanting of the Gayatri Mantra, filling the atmosphere with a sense of serenity and spiritual energy. Afterwards, the session highlighted the diverse responsibilities of a teacher, such as being an educator, motivator, life coach, counsellor, role model, and facilitator. Mr. Atul Wadhawan highlighted the importance of a teacher in building the future of the leaders of tomorrow. The teachers were guided to promote critical thinking amongst the students by utilizing the 'Learning by Doing' methodology. This theory was demonstrated through an example of travelling in a bus to teach Newton's Law of Motion. Similar activity-based approaches were shared to enhance the strategies for classroom teaching and management.

The workshop reinforced the core values of a teacher and provided practical tools for professional development. It concluded with fun word games wherein all the teachers enthusiastically participated, fostering camaraderie and creativity. The activities, not only brought a joyful end to the session but also highlighted the importance of incorporating playful and engaging methods in teaching practices. Lastly, a motivational song was played, leaving the participants inspired and energized. This was followed by a vote of thanks from Ms. Nandita Sikarwar, the Vice-Principal, for motivating the staff of teachers to introspect and be more dedicated towards the professional code of conduct.
