Glimpse of the Event

“Our true nationality is mankind.”

Patriotism is an important social concern. It is passion and pride for the motherland, and respect for our roots, which holds the whole nation together. We will have tears in our eyes seeing soldiers put their lives in danger to fight for the motherland. Movie watching is one of the common ways to spark this love for the country in our daily lives. When emotions of an audience are well-engaged, a good patriotic movie can arouse love and pride, encourage people to stand by their countries, and reinforce a sense of national belonging.

EBSB Club has organized a movie show for students of Class VIII on 28th December 2020. Students, accompanied by their teachers, were taken to the School Auditorium to see the short documentary on “A road to freedom : 1857 – 1947- AZADI ” .All were enthralled by the movie and were thoroughly entertained by it.
