**Glimpse of the Event**

***Objectives:***

- *To develop critical thinking, problem solving and designing skills.*
- *To learn usage of interface, fun sound effects, and an encouraging cartoon mascot who guides children as they use the program*
- *To foster positive attitude towards using technology that supports collaboration, learning and productivity.*

***“The only constant in the technology industry is change.”***

Tux Paint is a free drawing program designed for young children (kids ages 3 and up). It has a simple, easy-to-use interface, fun sound effects, and an encouraging cartoon mascot who helps guide children as they use the program. It provides a blank canvas and a variety of drawing tools to help your child be creative.

Keeping this in view MBS International School, Sector-11, Dwarka organized Tux Paint - Card Making Competition for the students of class I & II in which students were asked to create a beautiful card on the topic ‘Christmas’

Students participated with great zest and zeal. It was an enriching experience for the participants as they learnt various formatting effects of MS Word. Many beautiful and amazing cards were created.

Performance was judged on certain parameters. Certificates were awarded to winners and all the participants.
