

**MBS INTERNATIONAL SCHOOL
SESSION 2022-23**

**Name of the activity – Making Storage Box(Best out of Waste)
GRADE -III & IV**

Date-August 3,2022

“Creativity is making marvellous out of discarded”

Eco Club of MBS International School conducted the *Best Out Of Waste (Making Storage Box) Activity on August 3 ,2022*

Little hands and imaginative minds came together in a creative burst of energy exhibited during the **“Best Out of Waste Activity”**.

We teachers aim to bring the students to understand the importance of preserving the environment and learn more about sustainability. We should not throw away waste things, we could use them again for different purposes and that we should not cause harm to nature. In order to make children aware of uses of waste material, the activity was organised for students.

Students prepared very creative and innovative models and art items from different waste materials. They used reusable and recyclable materials like newspapers, bottles, bangles, ice cream sticks and much more. From these items, they created an amazing array of display objects leaving everyone totally impressed. The values like preservation, recycling, conservation, reduce, reuse, etc. are imbibed on the young heart and minds by demonstrating this noble act of caring for our environment.
