

MBS INTERNATIONAL SCHOOL, DWARKA
ECO CLUB
ACTIVITY REPORT

Date:3/8/2021

Class: VIII, IX & X

Name of the Activity: TERRARIUM MAKING

Objective:

- *To sensitize the students about the importance of plants in our life.*
- *To create a sense of responsibility among students to nurture and look after the trees.*
- *To understand the process of seed sowing and germination.*

“To plant trees is to give body and life to one's dreams of a better world.”

Eco Club organized terrarium making for the students of class **VIII, IX & X** on August 3, 2021 in which the students prepared their own mini ecosystem at home. The students actively participated in the event by planting saplings/seeds with their own hands in a container of glass /plastic bottles. The activity was performed by students under the supervision of their guardians. Students clicked the images while performing the activity and shared them with the teacher in charge through email.

The participants from different classes are as follows:

S. No.	Class Section	Participants
1.	VIII B	Atharv
2.	VIII B	Aditri
3.	VIII B	Pooja Singh
4.	VIII C	Parth
5.	X A	Abhishek
6.	X A	Garima
7.	X B	Aishwarya Gupta
8.	X B	Drishti Gulyani

9.	X C	Krishna Soni
10.	X C	Taksh

Venue- Home.

Teacher In charge- Ms. Nancy

Some Glimpse of the activity performed by the students:

Eco Club Activity

TERRARIUM

Garima X-A

A collage of six photographs illustrating the process of making a terrarium. The photos show hands adding soil, plants, and decorative elements like small blue stones to a glass jar. The word "TERRARIUM" is written in large, bold, white letters across the top of the collage. The name "Garima X-A" is written in a cursive font at the bottom.
