

**MBS INTERNATIONAL SCHOOL,  
SECTOR-11, DWARKA**

**ACTIVITY REPORT**

**Date:- 2.08. 2021**

**Grade : V**

***Name of the Activity: WASTE BOTTLE CRAFT***

***Objectives:***

- To develop the ability to think and organize the thinking to create something useful.
- To indulge the students into an extracurricular activity with an exclusive tool i.e., waste material.
- Create awareness among students to use the waste products in best possible means.

To expand students creative skills, **Eco Club of MBS International School**, organised a fun and an engaging activity on **August 2, 2021** for the students of **Grade V**.

The waste bottle craft activity was conducted to give students a platform to explore their creative ideas in different ways. Students painted and decorated the waste plastic bottles into beautiful decorative pieces using the colours and decorative materials.

Children participated earnestly in the activity. It helped the children to learn the best way of using waste material into a useful product. The main aim of the activity was to highlight the need of taking care of the deteriorating environment. The activity helped students to organize their ideas in bringing best out of waste and gave the message of reduce, reuse and recycle. Their efforts and initiative were appreciated by one and all.
