‘ EVERYTHING IS THEORETICALLY IMPOSSIBLE, UNTIL IT IS DONE’’

Science projects helps develop a child’s [resourcefulness](#), particularly their skills at goal-setting, planning, and problem-solving. It also nurtures intellectual [curiosity](#), helping children acquire new ways of asking questions and understanding the world.

An activity was organized by the eureka club. In this activity, the students of class VII- VIII were asked to perform any science experiment in the class and explain the science behind the experiment shown. They participated in the activity enthusiastically. The students presented it nicely by using household materials such as glass, bottle, wires, candle etc.
