“Puppets create community, enable us to see through the eyes of other people, and open us to the claims of others.”

As part of our efforts to make our students utilize this period of lockdown towards meaningful learning, MBS International school organized ‘Puppet Show Competition’ vested in Lingua Franca English Week as part of E-learning.

MBSians of Grade III were briefed to present a recorded video of puppet show narrating a story. *Puppets are a great way to engage the attention and imagination of children of all ages. Using puppets in the child care curriculum is an enjoyable way to promote children’s learning of new skills and concepts.*

The students overwhelmingly participated in the event and learnt the art of narrating a story effectively with the creative and artistic use of puppets. The students demonstrated their learning through the art of crafting a puppet for the show and of course, through their fabulous performances. This event enabled our students to kindle their imagination and helped them to enhance their learning process.
