**There are various stages in human, life, including infancy, childhood, adolescence, adulthood, and old age. We all have to come and journey across these ages. However, our behaviour, attitude, temperaments and physical fitness are different in every stage. Also, not to forget that man is a social animal. He or she cannot stay in isolation. He needs to live in a family, with his friends in society. The entire world works smoothly on interdependence. Love, affection, and care are mutual, and they help a person live and not merely exist.**

**The well planned event was conducted by students of class IX<sup>th</sup> & X<sup>th</sup> on August 17, 2021. The topic of the event was “OLD AGE – AN INEVITABLE PART OF LIFE”.**

**Giving the opportunity to the students of Class IX and X to explore the life of people of old age home and to make them understand the care, support and love of the old members of our family and society, the event was successfully organized by GOOD SAMARITAN CLUB of MBS International School. All people of old age home participated enthusiastically in the event and enjoyed the performance of the students.**
