“HE WHO HAS HEALTH HAS HOPE; HE WHO HAS HOPE HAS EVERYTHING.”

M.B.S. International School believes that it is pivotal to ensure that children are mindful about the health protocols that are requisite to the lockdown. To enlighten the children regarding the same and help them break the monotony that surrounds us all, the school organized an exhilarating competition under the **Lingua Franca English Week**. A slogan writing competition, ‘**Protocols during Lockdown**’, was organized to which the students responded with enthusiasm and zeal. The activity taught students about the invaluable role of hygiene and also helped them ameliorate their writing abilities. The brevity, creativity and expression that slogan making requires cannot be mastered easily. Yet, the students displayed an immense reservoir of potential that this competition managed to tap. Ergo, the event was successful!
