Letter Writing is the only device for combining solitude with good company.

A very constructive and informative activity was conducted on 18/04/2019 by the ENTITY CLUB OF MBS School, Dwarka, in the respective classrooms of the participants. The students of classes VII and VII were the ardent participants. During the conduct of the activity it was noted that the students were brimming with innovative ideas and this activity solved the twin purpose of not only nurturing their creative knack but also honing their letter writing skills. The primordial concept of this activity was to develop their creative writing skills, which are much required in their academics. There's no better way to train a young mind than to make that child realize that learning is fun. The activity was much cherished by all the students.
