EUREKA CLUB

ACTIVITY REPORT

Date/Day:-29.04.2019 (Monday)

Class : II & III

Name of the Activity: First Aid Box Designing

Objectives of the activity

- To pass on knowledge of preparing First Aid.
- To enable them understand the importance of it and make them aware of the contents.
- To develop understanding of how to give immediate intervention to an injured person.
- To enable them identify situations in which it is appropriate to use items in a First Aid Kit.

Methodologies applied

The facilitator gave visual explanation of preparing **First Aid Kit** by giving demonstration in front of the students. important terms like the “+ “sign, contents required in the kit, usage of medicines, checking the expiry date etc. were covered in the instructions. After the demonstration, students were provided with a worksheet of First Aid Kit which included the picture, sign and name. Then they were asked to colour it.

The activity enhanced students’ knowledge of basic medicines and treatment to be given during small injuries. They were able to compare their original thoughts to what they learned. Students participated heartily and enjoyed the activity.

Teacher Incharge : **Manisha agrawal**
