**TED TALK: A WELL EDUCATED MIND VS A WELL INFORMED MIND (XI)**  
**REPORT**

MBS International School, Dwarka conducted a discussion session on the Ted Talk: A Well Educated Mind vs A Well Informed Mind by Dr. Shashi Tharoor for the students of grade XI on October 29, 2020. Dr. Shashi Tharoor, known for his integrity and competency has been well-known for his thoughts in the Education Industry and the skills a student should possess while performing any act. The Tedx Talk aptly put the various requirements of the current situation in the Competitive World and how our country should focus on this to inculcate the values to our young generation to take them to the next-level. This followed with an enriched discussion with the students about the 4 E's which are expansion, equity, excellence and employability in India. Students discussed and understood the difference between well-educated mind and well-informed mind and also how religion, class, and cast affects the education system in India. The session was highly informative and knowledgeable, it ended with the conclusion that there is an absolute need of both well-educated mind and well-informed mind in order to progress as a growing country.
