

**MBS INTERNATIONAL SCHOOL
SECTOR 11, DWARKA
WORKSHOP ON PERSONALITY DEVELOPMENT
REPORT**

***“What lies behind us and what lies before us are tiny matters compared to what lies within
us.”***

School plays an important role in the personality development of students. This is the need of the hour as it is essential for the holistic development of children and their survival in this competitive world. Keeping this in mind, MBS International School, Dwarka conducted a three-day workshop on Personality Development for the students of grades VI-VIII from January 20th to January 22nd, 2021. The objective of this workshop was to develop the students spiritually and build self-confidence, enhance self-esteem and improve overall personality. The programme aimed at grooming the students through sensitizing them about proper behaviour, socially and individually in both formal and informal circumstances. Around 200 students attended the workshop. The different sessions included training on various facets of personality development, wherein students were apprised of the nuances of body language and conversational skills through various interactive sessions. Students were trained on behaviour in public speaking, confidence building, presentation skills, voice modulation and dining etiquette. To sum up, it was a well-thought-out workshop of motivating the students to discover themselves.
