## MATHS WEEK DECEMBER 23,2019– DECEMBER 27, 2019

### EVENT REPORT

**Event in-charge:** Ms. Amanpreet

**Judge** : Ms. Ruchika Chaudhary

**Event's Name:** Making of clock using same numbers

**Date of Event:** December 26, 2019

The activity 'preparing working model of clock using number' was conducted on December 26 , 2019 in class IX with an objective to develop the skill of application of mathematical operators and understanding of number system.

The students promoted the concept of 'recycle and reuse' by creating innovative clock model using waste and discarded materials resourcefully.

The students were judged on the basis of incorporating the concept of Maths operations and creativity in designing.

#### Result:

| Name of the student | Class/ section | Position |
|---------------------|----------------|----------|
| Priyank             | IX A           | I        |
| Himanshi            | IX A           | II       |
| Poornima            | IX A           | III      |
| Priyanshu Verma     | IX B           | I        |
| Chirag Verma        | IX B           | II       |
| Rayyaan             | IX B           | III      |
