VISIT TO AN OLD AGE HOME**

TOPIC: VISIT TO AN OLD AGE HOME

DATE: Wednesday, November 27, 2019

ATTENDED BY: Students of class VII

VENUE: Bindapur Old Age home

Shock, despondence and thankfulness were the emotions which MBSians felt when they visited Old Age Home on 27th & 28th November, 2019. The visit was a great overall experience for the students of class VII & VIII where they learnt about the essence of true life and value of caring & sharing. Students showered all their love over the senior citizens. They sang songs for them and involved them in various activities. Inmates shared their sadness and personal stories with them. The care shown to them by the workers at the Home was indeed inspiring. Their faces were beaming with pure happiness when they saw our children performing for them. Though we spent only a few hours with them, the inmates made the children realise the value of grandparents and the tenderness with which we need to take care of them. Children learnt that old age is also called the second childhood and their love for their grandparents grew stronger and deeper.
