3.	Organized by	ITL Public School
4.	Participated by	Students of Classes VI-VIII
5.	Facilitators	Coordinator and Class teachers
6.	SDGs Incorporated	SDG 3 
7.	Description of the activity #CustodiansOfCare #FrontlineWarriors #TouchingLives	<p>"Medicine cures diseases, but only doctors can cure patients." — Carl Jung</p> <p>National Doctors' Day in India is celebrated on 1 July each year to honor the invaluable contributions of doctors to society. On this day, we pause to salute the selfless efforts of our doctors. With hearts full of gratitude, we recognize their tireless dedication and compassionate care, which touch lives and restore faith in humanity. These remarkable individuals epitomize human resilience, standing as custodians of care and frontline warriors in the battle for health and well-being.</p> <p>To celebrate this day, a plethora of activities were conducted for students in classes VI to VIII on Monday, 1 July 2024 based on the theme 'Wings & Stethoscopes: Healers of Hope,'.</p> <p>Students of Class VI assembled a first aid kit with basic medicines and explored the purpose and application of each item in their kit.</p> <p>The young ITLeens of Class VII were introduced to basic first aid steps for handling emergencies, equipping them with essential skills to become future life savers.</p> <p>Class VIII students created a "Safety Squad Box" to learn and demonstrate first aid safety techniques for handling emergencies.</p> <p>The activities conducted on this day highlighted the importance of being equipped with essential first aid skills, fostering a culture of preparedness and empathy. It gave a chance to reflect on their achievements and the challenges they face, and to continue supporting and appreciating them, as they remain steadfast in their commitment to healing and humanity.</p> <p>#lifesavers #nationaldoctorsday #frontlinewarriors #TouchingLives</p>
