**JM International School, Dwarka**

**JM International School, Dwarka** hosted 'Srijan: The project expo.' It comprised of a picturesque exhibit of the diverse projects and models prepared by students from classes Ankur to VIII. The parents were not only in awe of the creative display, but also amazed by the buoyancy children revealed as they eloquently explained their projects. Students of classes VI to VIII also presented self-invented working models of the Rube Goldberg Machines. Avtar Singh, an eminent name in the field of education and par excellence in mathematics graced the occasion with his esteemed presence. The day was indeed full of glee and exhilaration for all students of the school who demonstrated exceptional ardor throughout the programme.
