“We cannot stop natural disasters but we can arm ourselves with knowledge: so many lives wouldn't have to be lost if there was enough disaster preparedness.”

Petra Nemcova

Dear Parent,

Greetings!

Nature is beautiful but when it gets annoyed, it shows its fury which leads to destruction. Hence, being educators it becomes pertinent to create awareness among the young generation and make them realise that it's very important to maintain ecological balance. On November 5, World Tsunami Day, the Shikshiyar School has come up with meticulously planned activities which will invoke the feeling of responsibility towards nature creatively. Ensure that your ward comes prepared for the planned activity and participates to enhance their knowledge.

CLASS	NAME OF ACTIVITY	DETAILS OF ACTIVITY & MATERIAL REQUIRED
VI	Facts about Tsunami	A3 Size pastel sheet, colours. coloured pens, pictures
VII	Poster Making	A3 Size pastel sheet, colours
VIII	Power point presentation	Designing a ppt of 4 to 6 Slides on “Tsunami”

Best Wishes

Principal
