GRADE - NURSERY

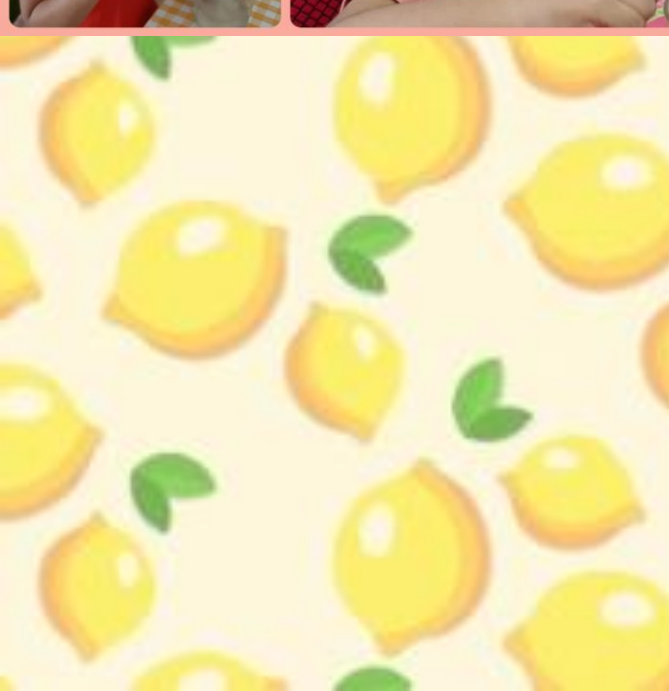

THE XAVERIANS ARE UNSTOPPABLE !!!!!

The session 2021-22 started with a bang as we all were adopting the new normal in our lives worldwide. It brought with it fear, insecurity & new situations. For the people of school community it is a jolt as everyone was gearing up to go to school with new dreams, hopes and aspirations. Teachers were all set to welcome their students, eager parents were waiting with the dreams in their eyes to take their children to a new year. But destiny had other some plans-schools shut, classes called off, lockdown implemented and everyone restricted to the four walls of their houses. People were left clueless, pondering, questioning, absorbing what had happened and finally planning for work from home. Doors to Virtual world opened for everyone-ONLINE CLASSES started. It was a roller coaster ride at first, but gradually the ride became smoother and enjoyable. Online events and activities were planned to give wings to their creativity and imagination. Special Days were organized to bring awareness among the children. At St. Xavier's High School, we turn every stone in our own unique way, accept and overcome challenges thrown at us and build a community of lifelong learners and responsible independent citizens making this world a better place to live in !!

Here is a small glimpse of the beginning of a beautiful journey!!! This is just the start

In sun drenched summers, fresh lemonade is always a bliss. The lemony fragrance reminds of coolness and freshness.!!! With the summer heat soaring, every body needs a refreshing drink or two! The tiny tots of Nursery grade at St. Xavier's High school,sector-49,gurgaon got together to watch and learn how lemonade is made. The excitement of the children knew no bounds as the teachers demonstrated to them. The children loved watching the process up-close and followed the whole sequence, paying a great deal of attention. They had a great time squeezing, sprinkling and stirring with their friends Virtually. The Idea behind this activity was to make the little ones understand the importance of drinking lemonade in summers rather than other beverages available in the market. The activity ended on a fun note with the children getting to drink the product of the process! A slice of life, coolness and refreshment indeed!

Come together to celebrate this day, Across the world let us say, As long as life, as dear, as free, I am the Earth and the Earth is Me. Loving our planet and caring for it should be an essential emotion inculcated from a very young age. Nursery children celebrated Earth Day in their unique style. From adopting a plant buddy, to poster making to various crafty activities marked this special day. Children reiterated the message to reduce, reuse and recycle. Here is a glimpse of our Earth warriors at work!

Nursery - F

Different states of India celebrated religious new years from 13th to 16th April. People celebrated Baisakhi, Ugadi, Bihu, Vishu, Makar Sankranti by dressing up in traditional new clothes, decorating the homes and preparing mouth watering delicacies. In north India, Baisakhi or Vaisakhi was celebrated with fervour. A new year and a fresh start of new session was celebrated with learners dressing up in traditional attire and discussing about the importance of this festival. Here is a glimpse of the bright faces from St. Xavier's High School, Nursery team.

NURSERY - D

Mother's Day is a celebration of motherhood, maternal bonds and their immense love. A mother is a child's first friend and she deserves a day of pampering and delight. The pandemic may be preventing us from planning an epic bash for our loving Mom, but we can always make her feel like a Queen with some joyful wishes and fun activities which were organized virtually to make their hearts filled with joy. The Kids were engaged in making cards, badges and bouquets to honour their moms. They enjoyed playing some fun games, clicking selfies, putting some make up on their moms and tapping together to the beats of love bringing laughter and good cheer!!! We were happy to see all of them participate with full zeal and enthusiasm and create sweet memories for lifetime!!! We take this opportunity to wish all our moms a very **HAPPY MOTHER'S DAY!!!**

ST. XAVIER'S HIGH SCHOOL

Sector-49, Gurgaon

(Affiliated to CBSE)

Invites
All Pre - Primary Students
for

Bonding over Breakfast

Bonding over breakfast Whether you are eating at home, dining out, or having dinner with friends, good table manners for children are an important part of every meal. And studies show that good nutrition leads to improved classroom performance higher test scores and better behaviour. So, we conducted 'Bonding over Breakfast' a virtual breakfast session with teachers and classmates . Table etiquettes and healthy food gave an experience to the Pre Primary students to connect and strengthen bonds creating memories to cherish.

INTERNATIONAL YOGA DAY

Tell me I will forget, Show me I will remember ,Involve me I will learn!!We, at St Xavier's High School, believe in innovative learning methods that helps in gaining knowledge through experiences. The little learners of Nursery grade learned about the importance of oral hygiene through a fantastic activity using ice-tray as a set of Giant Teeth ☺ . This self-help activity that gave them a wonderful opportunity to talk about teeth cleaning, brushing, rinsing and so on. Kids got little practice of brushing through pretend play using the brush and ice-tray while learning about the importance of proper teeth brushing.

THANK YOU
