The webinar was awesome, fantabulous, stupendous, magical and I am short of words to describe it... I saw Tvisha and other students practice very hard for this webinar and surely it paid off!! RESONANCE FROM THE PARENTS' HEART

Dear Sir, Thank you for organising 'Candid Conversation Over Coffee' on 12th Feb 2022 with Mr. Mohit Sachdeva, Director & Mr. John Rafi, Director Principal. Unfortunately, due to prior work commitments, I was unable to attend the same, but I wanted to take this opportunity to congratulate you for the intent as well as share some of the feedback, that I missed out on sharing last Sat. I am a proud mother of 2 lovely girls- both students of St Xaviers High- Akshadha Dutt, Class 8-D & Aaradhana Dutt, Class 2-C. Today, I am reaching out to share feedback for the lovely teachers engaged with my daughter in Grade 8; namely Ms. Lata Khera, class teacher; along with subject teachers Ms. Prachi Sharma & Ms. Rubina Ahmad and all the others! I am a firm believer in the philosophy: "Positive feedback can have a huge impact on a student's perception of themselves and can consequently influence their effort and grades." All the three teachers names mentioned above are epitome of this belief. They have been consistent in their efforts. Ms. Lata Khera paces the class just right so students feel challenged but not overwhelmed. So many other classes you just read from a text book but in her classes, she asks questions and gets the students to respond which is both fun and promotes faster learning. She is patient and eager to help. Has been very prompt and transparent with her feedback for my child's overall development- it is much appreciated. Learning from Ms. Prachi Sharma has been a great experience. She is a very thoughtful teacher who puts a lot of effort into how she presents the material. Her lessons are engaging, useful, and she is very patient with everyone in class always encouraging her students to try. I would highly recommend her to senior class as well. Ms. Rubina Ahmad has an incredible gift for teaching. Her classes seem like play but there is a lot of serious learning going on. Her manner of teaching is so wonderful and refreshing!! She's great at building confidence and keeping lessons fun and engaging through a variety of activities that improve conversation, writing, and reading skills. With this email, I would urge School Management to consider continuing with these lovely teachers in senior grade as well. Last two years, has been a huge disconnect for students- struggling both socially and academically. By having the same teachers- as a constant factor in the new session next year- it would be a great comfort for the students when offline classes resume full time. Hope this feedback is considered. Wish you all continued success! Warm Regards,

RESONANCE FROM THE PARENTS' HEART

Thank you so much ma'ams for making this year the most wonderful one for my kid. I would like to again take this opportunity to thank and appreciate the efforts taken by all the teachers. It was a very enlightening experience for kids to learn under the guidance of such experienced and lovely teachers. During these pandemic times each teacher double tasked to have our children learn so much during this year and without missing any aspect of learning. This is not a small thing and we are so thankful to you all from the bottom of heart. As a parent, I know perfect teachers are hard to find, but for me, you all are the best teachers for my child. Lots of thanks for the guidance, support, encouragement, opportunities, care, confidence, hard work and everything that you have given to my child.
