"The most overwhelming key to a child's success is the positive involvement of the parents and the teachers."

To apprise the parents about the upcoming assessments and answer their queries pertaining to the same, an interactive session was conducted on Saturday, 13th February 2021 for the students and parents of Grades III-VIII. The panel included the Headmistress and the teaching faculty of the respective grades. We, at Xavier's, strongly believe that together we can give our children the roots to GROW and the wings to FLY.

COFFEE MEET WITH MOMS

"The children are our priority,

The change is our reality,

And collaboration is our strategy".

Conversation over Coffee is a great way to get to know each other, share experiences, break all the barriers of communication and let ideas flow seamlessly! We believe that methodologies adapted and designed in collaboration with parents, who carry them out at home, will be unparalleled in yielding better outcomes. Thus, yet another collaborative effort - "Creating Connections - Powered by love & Fueled with coffee." with the Headmistress was directed towards achievement of the common goal - Our Children!

This session definitely created an environment of mutual trust and support between the parents and the school.

"There is no greater pillar of stability than a strong, free, and educated woman"

"The man who does not read books has no advantage over the one who cannot read them."

International Women's Day is celebrated on 8th March every year to celebrate women's achievements, raise awareness about women's equality and remove the barriers that accelerated gender parity.

The day was initiated in 1911 in Austria, Denmark, Germany, and Switzerland.

To focus on growth, education, and to combat other discriminations against women, this year's campaign is based on the theme "CHOOSE TO CHALLENGE." A challenged world is an alert world and from challenges come change. The need of the hour is to bring the change in the status of women of every age group so that the coming generations will embark on the movement of celebrating not only a single day as women's day but every day as an equal day for both Men and women.

Each for equal

Portal Acknowledgement for Teachers

This email and each and every word of it is dedicated to Ms SHUBHA KHANNA- the Class Teacher of Grade 4A.

‘SHUBHA’ ,as her very name suggests means auspicious or bringing good luck and believe me she truly justifies each and every word mentioned herein. She has brought so much of luck and beautiful memories to cherish not only for Aarav but for all the kids under her guidance.

Be it academics or class fun, she has excelled everywhere. They say a TEACHER can bring out the BEST in each kid and that’s what she is good at. She could understand the hidden talent of her kids- be it a singer, dancer, painter and so on.

For Aarav, it was a proud moment when he was given a title on ‘CHILDRENS DAY’ which resembled what his teacher got on ‘TEACHERS DAY’- PERFECTIONIST’. It’s a moment of pride when your son idolizes his teachers and wants to be like them. She is one of best class teachers – not only because she is on TOP of everything but also because she wants her kids to excel in everything they do and makes an additional effort to make sure that happens. She instills healthy competition amongst the kids by sharing their work on the formal forum which motivates others to perform equally.

The discipline she instills in the practice sessions (undertaken for various events) is impeccable. For that matter, even her presence of mind in the quiz sessions can’t go unnoticed. Academically, the concepts she teaches are spot on. Her revision classes and the discussions held therein deserves an applause.

To be honest, it would be amazing if she steps to the next level and teaches GRADE 5. So, I would request the management if the same can be considered.

Thank you so much Shubha maam for being there always. You truly are one of the finest teachers and it was indeed a matter of pride that you taught Aarav.

Thanks once again from the bottom of my heart.

A very fine and surreal human being, an excellent teacher with outstanding command over her subject and language, a true friend to all the kids and their parents – the praise can continue endlessly. Words can fall short to appreciate this teacher, who has been teaching and grooming Aarav Chadha year on year. 'I always address her as a 'READY RECKONER' because she always has an answer for all the queries –yes, any TYPE of query asked ANYTIME. The best part about her is that she understands the child psychology so so well- numerous instances which have been noted time and again. She is always on time for all her classes (yes, she has been present in all the classes during the academic session) , first one to complete the course content for all exams, undertakes a very very thorough revision before the exams etc. And YES, how can we miss the FUN ELEMENT during the 'KAHOOT' sessions. They were so much fun for all the kids. I really want to thank ST. XAVIERS MANAGEMENT for having such an incredible asset in the form of Ms. MEENAKSHI SHARMA. She is one of the finest hirings of St. Xaviers. Please pass on this message to her: Thank you so much maam for instilling the discipline, hard work and work ethics in Aarav which helps him a great deal to strike a balance between his studies and co-curricular activities. THANK YOU ONCE AGAIN FROM THE BOTTOM OF MY HEART.

This message is dedicated to a very strong , determined and Happy Go Lucky teacher named Ms Suchita Arora. First and foremost , kudos to her determination and dedication- being regular in her classes while she was fighting with the biggest challenge in her life (her ailing brother). For me, nothing can come close to the strength she displayed at such a tough time. YOU REALLY PROVED YOU ARE A FANTASTIC TEACHER AND A HUMAN BEING. Secondly, we will really miss the funny classes, the jokes you cracked with kids. They had so much fun with you numerous times. And how can we miss the 'EXPERMIMENT' classes which are and will always be your USP. Leave the kids but me as Aarav's mother used to have so much fun doing them too.

You were one person who had a lot of critics (smiles) throughout the session, but nothing could stop a fighter like you. Not only did you take the feedback in a constructive way but made sure that you learn and mend them over a period of time. We all have issues as we progress but for me the person who accepts her mistakes, apologizes and moves forward from there is someone I would always admire and cherish and believe me SHUCHITA MA'AM YOU ARE ONE OF THAT PERSON. To practice normalcy when you have so much on your plate is not everyone's ball game but you DID IT.

You have given so much love to Aarav and all other kids. We all will miss you immensely. Or alternatively, if the management deems fit , then my request to them is to please consider you for Grade 5. It would be a pleasure to have the fun cycle again- with academics for sure. Stay Happy Always- You have gone through a lot and you deserve more than what you can expect. Thanks once again from the bottom of my heart. Regards

Democratia : Celebration of 72nd Republic Day of India

"Ask not what your country can do for you, ask what you can do for your country."

There is no love above and beyond the love for nation. India celebrated its 72nd Republic Day on 26th January, 2021. On this day, Indian Constitution was adopted in 1950 after attaining the independence on 15th August, 1947.

In India, Republic Day is not less than a festival, when the whole country regardless of caste, creed or religion beams with joy. On this day, the entire country is laced in tricolours to convey that India is a nation where Unity in Diversity is celebrated.

Republic Day is the occasion to remember and thank all our freedom fighters, national heroes and soldiers who have fought for our happiness, our safety and our brighter future. It is also a day to promise to work harder to make our country a more beautiful and harmonious nation.

India is a nation of diverse cultures and customs which is bonded together with nationality and love for the country. With the same spirit, we are pleased to inform you that we are going to celebrate our Republic Day for the very first time on the virtual platform.

"Let us make a promise that we would not let the hard sacrifices of our brave freedom fighters go in vain. We would work hard to make our country the best in the world."

"Destiny is not arbitrary or inimical; it is orderly and reactional. It gives us reactions to our own past actions."

RESONANCE FROM THE PARENTS' HEART

Hi Shubha Ma'am,

A BIG Thank You!! to you for all the hard work and efforts you have poured in to get students ready for the final exams. I would still say you are blessed and highly talented otherwise teaching Mathematics to such young non tech savvy students is not a easy task. You have been very thorough and illustrative in making sure each and everything is aptly covered in the Mock papers and addressing the queries of my Eshita in particular very compassionately.

Honestly as parents I feel very challenged at times to devote much needed time to help Eshita prepare for her exams but feel very relieved in case of Mathematics as you are bang on covering everything in the class.

With session getting to close I would like to render my sincere Thank You!! for all the support you have extended during this tough and challenging time and I must appreciate it's no different for you but you never led that impact child education. You are truly Angel!! May you continue to shape these little stars and continue to guide them for better and successful humans.

Take care and Stay Safe!!

Thank you one again for everything.

Regards

Dear Shubha Ma'am...don't know how to express my gratitude. The whole 2020 academic session was really very unpredictable. We all have no clue how the session will be running. Just that time teachers like you and Our esteemed headmistress ma'am open our eyes with a simple thought that nothing is impossible if your will power is strong. Our online session took place. It was really a successful academic year like the others. As a parent we are confident that Xaviers is always ready to make a difference. Thank you so much Ma'am ♥ for the effort you put into. without your love and support it's not possible. In every occasion like Independence day or Diwali or dusserha we never step behind because all the teachers were there to prove that nothing can stop us no matter whatever it is.. Thank you ma'am Thank you headmistress ma'am to always be there with our children and to help them to understand the new normal way of learning

Hello mam..it was a wonderful experience for Manan in his evs classes...he gained a lot of knowledge in this session..and I really want to mention ur hard-working and dedicated nature mam...thanks for ur lovely words for manan.

Manan Gupta (4-D)

Good afternoon ma'am, Thank you so much for putting efforts with her. EVS is one of the subjects she loves a lot and study with interest. She looks forward to understand and clear her concepts with your help. Starting of the session had hiccups that might be bcoz of online classes and it was a new system for kids as well as for teachers but later it started moving smoothly.

Thanks for appreciating her and for sure she'll be missing you a lot as since her last class she's informing all the family members that I am very upset as my IV session came to an end and she'll be not able to meet you all.

Thank you once again to you☺♥☺

It's almost a whole academic year that the kids are at home which has now lowered spirits but after a long time, I could see that excitement of getting up early and dressing up in their uniforms. Thanks to you ma'am and the school for their constant hard work and coming up with this morning assembly concept.
Keep it up. Regards - P/O Daksh Kapoor (4-I)

Thanks for support and efforts as always ma'am.
In this challenging time everything looks normal but efforts put by you and all the teachers and entire St. Xavier's team and kids are tremendous! Thanks for everything! Regards - P/O Arleen Kaur (4-I)

Dear Meenakshi Ma'am, I would like to appreciate you for the wonderful sessions you are taking. I can imagine the hard work you teachers are putting. Activity classes are also quite good, even I like the make story session and yesterday's session of creative demonstration. My son works on dining area without microphone so I listen. Thanks. I am truly grateful to all the teachers for efforts they are trying to put to make this happen for our kids. - P/O Vedansh Kumar (4-C)
