COLLOQUY

"The strength of the team is each individual member. The strength of each member is the team."

To acquaint the parents about the final assessments and to answer their queries pertaining to the final academic assessment, a conjoint session of 'Colloquy- A Cognizance on Assessments' was scheduled for Saturday, 13 February 2021 from 9:30 am onward for the students and parents of Grade III - VIII. The panel included the Headmistress and the teaching faculty of Grades III - VIII. We, at Xavier's, strongly believe that together we can give our children the roots to GROW and the wings to FLY.

"Optimism is the one quality more associated with success and happiness than any other."

XAVIER'S GOT TALENT

St. Xavier's High School conducted the magnificent and monumental online epic event: "XAVIER'S GOT TALENT- 2021" - An Intra School Talent Hunt Competition for the learners of Grades-III to VIII. Keeping up with the tradition to Explore, Engage and Excel, started igniting our blooming rockstars to give their best in the field of music, dance and art. Xavier's came up with this incredible extravaganza giving an opportunity to the learners to challenge their uniqueness, unleashing their talent, being what they are and exploring their X factor!

"Always keep your eyes open. Keep watching. Because whatever you see can inspire you."

MINDING OUR MINDS

"Mental strength is not the ability to stay out of darkness, it's the ability to sit in the darkness knowing that the light will shine again."

It is that time of the year when students start preparing for their assessments. Everyone wants to perform and excel to prove how worthy they are. Every learner who aims to become a high achiever generally experiences exam stress which can be difficult to handle.

We must not let this stress impact our learners in any way, instead, we must constantly motivate them and reinforce our faith in their abilities. To create a positive impact of assessments on young learners St. Xavier's High School organized an interactive workshop **Minding Our Minds: dealing With Examination Stress** which was conducted by Ms. Honey Sharma, who is a member of our school's expert faculty of counselling department on 24th February 2021.

"CREATING CONNECTIONS - POWERED BY LOVE & FUELED WITH COFFEE."

"The children are our priority, the change is our reality, and collaboration is our strategy."

Conversation over Coffee is a great way to get to know each other, share experiences, break all the barriers of communication and let ideas flow seamlessly! We believe that methodologies adapted and designed in collaboration with parents, who carry them out at home, will be unparalleled in yielding better outcomes. Thus, we had another collaborative effort - "Creating Connections - Powered by love & Fueled with coffee." with the Headmistress, Ms. Geeta Kanwar.

All the lovely Moms of Grade V came together for a virtual coffee on February 12, 2021, to share the combined efforts which are always directed towards the achievement of the common goal- Our Children!

This session definitely created an environment of mutual trust and support between the parents and the school.

INTERNATIONAL WOMEN'S DAY

"A strong woman is one who feels deeply and loves fiercely. Her tears flow as abundantly as her laughter. A strong woman is both soft and powerful, she is both practical and spiritual. A strong woman loves, forgives, walks away, lets go, tries again, and perseveres no matter what life brings her."

This Women's Day, every woman of Xavier's community celebrated her journey of womanhood.

Parents shared their moments of extreme happiness, where they did something adventurous or any moment of accomplishment showcasing their strength as a woman.

Xavier's family made this International Women's Day happy and a memorable one, empowering every woman in their lives.

"It's hard to beat a person who never gives up."

VIRTUAL MORNING ASSEMBLY

School's morning assembly is the best platform to encourage the students who have achieved something in academics or extra-curricular activities. When the achievers are awarded in front of everyone, they feel encouraged. This encouragement gives them the enthusiasm to achieve more. It also helps students to gather a lot of energy to do well and be good in their day. Grade V presented assemblies for everyone to take a beautiful start for the day.

"Fairy tales are more than true: not because they tell us that dragons exist, but because they tell us that dragons can be beaten."

"DEMOCRATIA"

CELEBRATING THE
72nd REPUBLIC DAY OF INDIA

BY THE STUDENTS OF
GRADE III - VIII

 **LIVE**

 25th JANUARY, 2021
 10:30 AM Onwards

"Ask not what your country can do for you, ask what you can do for your country."

Freedom in the mind, Strength in the words, Purenness in our blood, Pride in our souls, Zeal in our hearts, as we match out in the spirit of brotherhood and nationhood, let us not forget to defend the colours of our flag with all that we have. There is nothing impossible for our country if we forget our differences and come together as a nation. There is no love above and beyond the love for the nation. India celebrated its 72nd Republic Day on 26th January 2021. With the same spirit, students of St. Xavier's High School celebrated Republic Day for the very first time on the virtual platform. Young Xaverians came Live on the School Facebook page to give tribute to our soldiers and national heroes with a series of webinars beginning from 22nd January 2021- 25th January 2021 which was broadcasted live on Facebook culminating towards the Republic Day fervour on 25th January 2021.

"If the plan doesn't work, change the plan, but never the goal."

Craft for the Nation

The teacher's fundamental task is to get students to engage in learning activities that are likely to result in achieving outcomes. It is helpful to remember that what the student does is actually more important than what the teacher does. Students learning with fun classroom activities should be designed to encourage their creativity and critical thinking. Whether it be recipes intended to highlight the importance of health, or art projects meant to inspire creative writing and enable reading comprehension, there is an activity for all subject matter. Facilitators at St. Xavier's High School engaged the learners in fun-filled activities and filled each one with patriotism.

"There is no way to happiness. Happiness is the way."

SCIENCE QUIZ

"Knowledge brings more knowledge."

Knowledge and mental stimulation play a huge role in sharpening the gears of every child's brain. If the child is exposed to more knowledge-based stimulants, he/she will have higher thinking ability, comprehensive ability and great communication skills. To engage and enlighten the students, an Inter-Class Science Quiz Tech-Whiz was conducted on 16th January 2020 for the students of Grades III - VIII.

Hi Neha Ma'am..hope you are doing well..the year has passed by and students are ready to go to next session...want to share my thanks note with you□

During COVID, the way teachers have done a wonderful and one of the toughest job- whether it's teaching, organizing multiple events & providing students different platforms to show their talent was amazing. During this session St Xavier's entire staff acted like a trained army who know how to handle each and every student and keep them engaged with a very new concept 'Online Classes'. You have done a fantastic job during online teaching as it is equally new concept to you as to kids.

I just want to say that you have made online teaching so smooth that we never realised that our kids are not in school. Neha Ma'am really appreciate the way you teach & explain concept to kids - it's beyond comparison, though you have a very small kid to handle.

Infact during Myra's class have learnt many concepts as Hindi is one of my fav sub.
Thanks for your continuous support and guidance during entire session. May God bless you !! Thanks□□□
