

Playgroup experiences

Theme name: Playgroup sows a seed

The children of playgroup built their awareness about plants and trees. They engaged in experiences of observing the plants in their surroundings, listened to stories, songs and did role plays about the transformation of a seed into a plant. Children also enjoyed the experience of sowing their own seeds and watching them grow into tiny plants.

observing the plants around us...

**This plant is
taller than
me didi!**

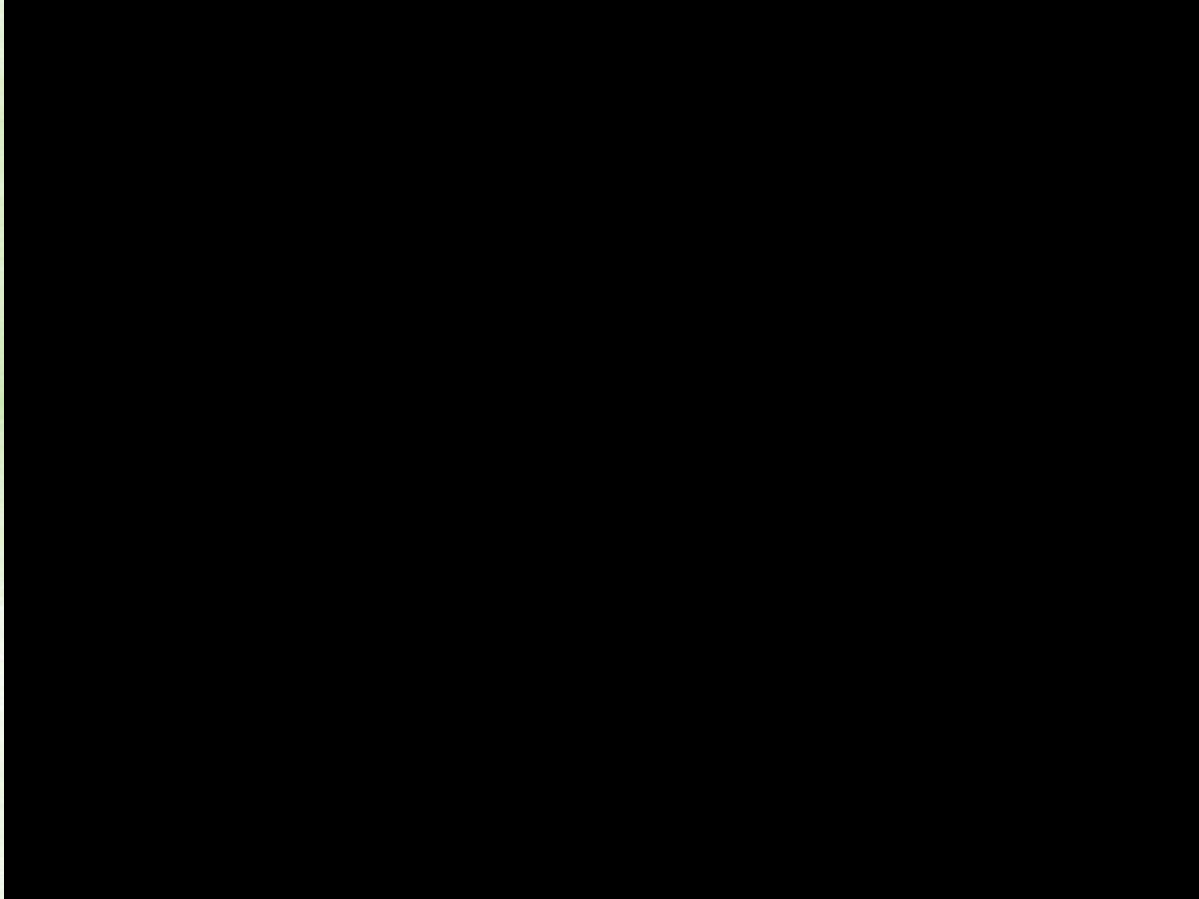

**My plant has a
long leaf!**

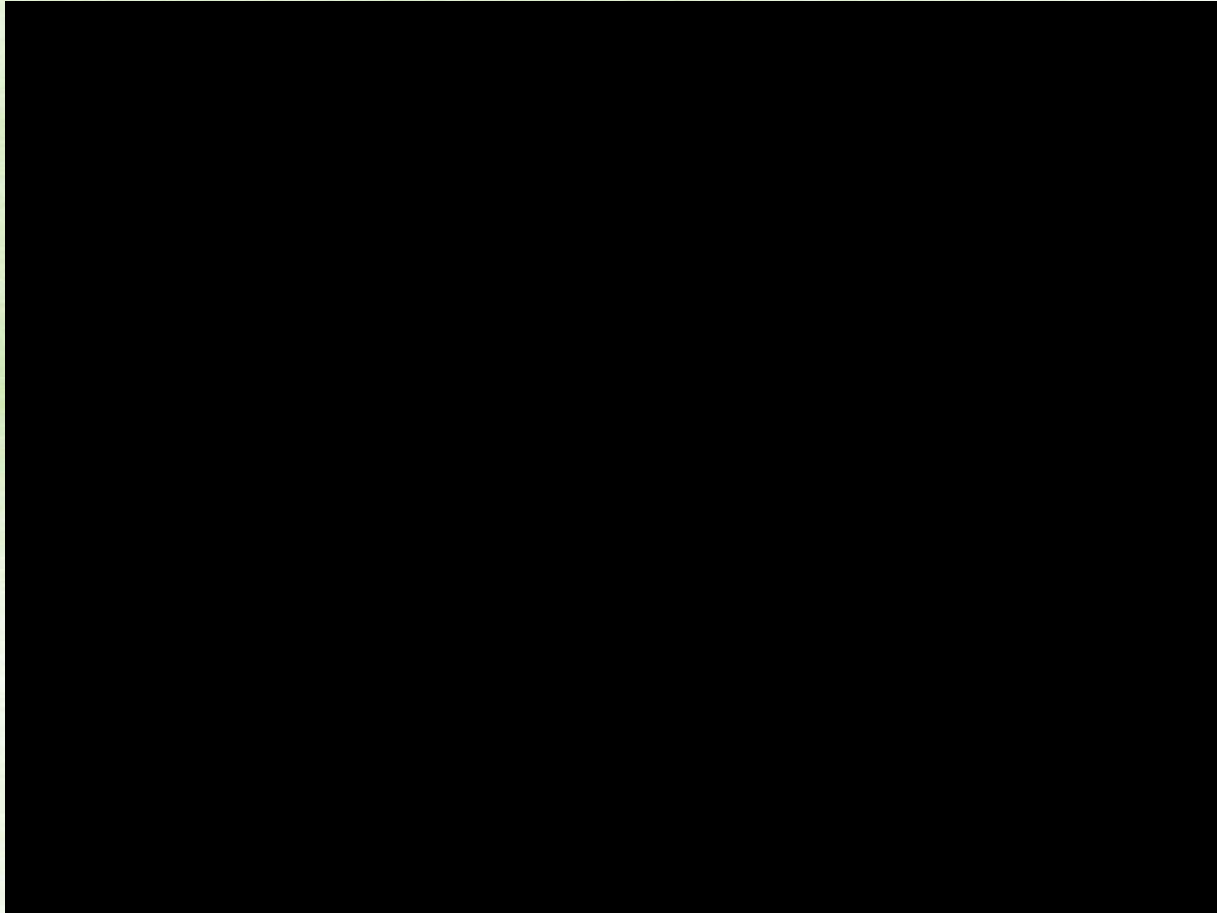

Observing Plants

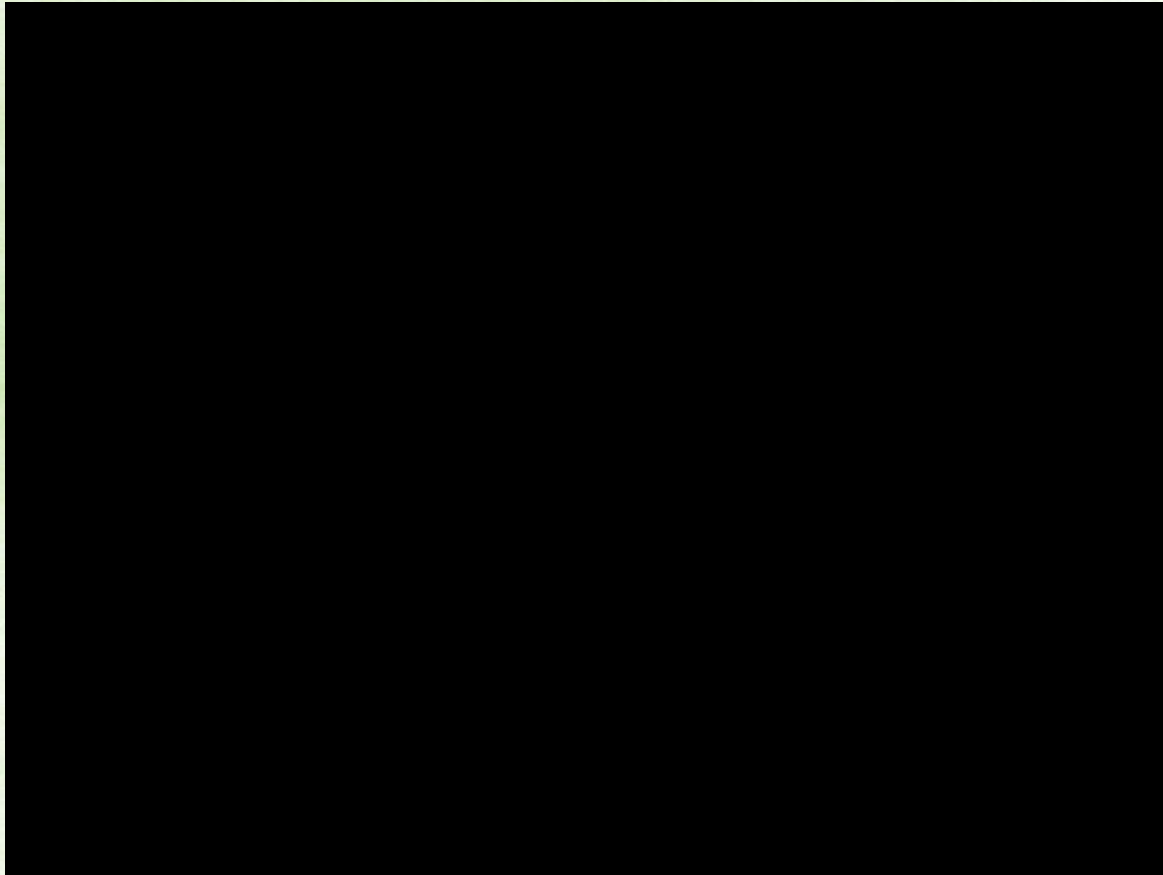

**This is my
yellow plant
and the flowers
have a nice
smell**

Sowing dhania seeds

Roleplay on a seed growing into a plant

Creating their own garden on paper with materials collected from their surroundings
