

# Parents Orientation Session

2022-23

The Parent Orientation for the new school year 2022-23 was held on 25th & 26th March '22. It gives new parents an opportunity to connect with the world of Shikshantar. The approaches and practices of the school.

The session included a role play by didis, followed by a detailed presentation by the school team about how the journey unfolds for children in Shikshantar. It culminated with an interaction with the parents, grandparents and children of senior school who responded to all the questions that the session evoked amongst the new parents.

Starting the day by gathering our energies.. centering our thoughts

Interacting with Minoti didi & the school team

Connecting to a child's journey in Shikshantar through a role play by our didis

Parents reflecting on the experience...

...sharing their thoughts, and queries it evoked

An interaction with senior school students, parents & grandparents...

Children speak...sharing experiences, responding to questions from parents

And with faith & trust we begin a new journey at shikshantar ...
