Dear Parent,

As per the latest guidelines issued by the Directorate of Education dated 21.04.2021, the summer break is from 20.04.2021 to 09.06.2021 and regular online classes are suspended till the opening of the school after the summer break.

The school will be organising online activity classes along with remedial support to enrich the overall growth of the students with effect from 26.04.2021 to 07.05.2021. These are optional classes.

The teachers will be attending Professional Development Training on 22.04.2021 and 23.04.2021.

The Time-table with effect from 26.04.2021 will be shared shortly. It is reiterated that a number of our teachers have reported sick and this may lead to clubbing of students or at times cancellation of a particular activity.

We request your support and cooperation in these difficult times.

Warm Regards

**Principal**
