

# WORLD OCEAN DAY-2024

**DATE:** 8<sup>TH</sup> June 2024

**VENUE:** ITL PUBLIC SCHOOL, SEC 9, DWARKA.

**Life is all about adopting good habits and giving up bad ones.**

World Ocean Day, celebrated on 8th June each year, was established by the United Nations to raise global awareness about the crucial role the ocean plays in our lives and the important ways people can help protect it. This annual event aims to educate the public on the impact of human actions on the ocean, develop a worldwide movement of citizens for the ocean, and mobilize and unite the world's population on a project for the sustainable management of the world's oceans.

Aligned with the 2024 theme, "**Waves of Change: Collective Actions for the Ocean,**" ITL Public School observes World Ocean Day on 8th June. Let's join hands to spread awareness among youngsters about the significance of oceans, the threats they face due to human activities and the actions we can take to protect marine life and promote sustainable ocean management. By doing so, we support a healthier planet and ensure the well-being of future generations.
