

WORLD FOOD SAFETY DAY-2024

DATE: 7TH June 2024

VENUE: ITL PUBLIC SCHOOL, SEC 9, DWARKA.

Food safety is vital for a resilient and healthy society.

World food Day, celebrated on 7th June each year to raise awareness and promote action for safeguarding our food supply, World Food Safety Day campaign focuses on preparedness and resilience under the theme 'Food Safety: Prepare for the Unexpected.' The global celebrations will be hosted by Kenya. The emphasis is on building systems and practices that protect food from unexpected threats, including contamination, supply chain disruptions, and climate impacts. While we can't predict every challenge, we can educate our communities to strengthen food safety measures, ensuring safe and nutritious food for all. We are the generation that can create a robust and secure food future.

Aligned with the 2024 theme, " **Food Safety: Prepare for the Unexpected,**" ITL Public School observes World Food Safety Day on 7th June. Let's draw attention and inspire actions to help prevent, detect, and manage foodborne risks, contributing to food safety, human health, economic prosperity, agriculture, access to markets, tourism, and sustainable development.
