

## First Aid Workshop

Date: 7/5/14

*To create awareness on First Aid JMIS organized a workshop on "SAFETY AND FIRST AID AT HOME" for the students of class III to help them better understand the importance of safety and first aid. The key objective of this project was to increase students' knowledge and skill in the area of First Aid using active learning methodology like role-playing.*

*The program comprised of PowerPoint Presentation, an Interactive video and a Quiz followed by Take home exercises.*
