Date: 5/5/14

A career counseling session was organised for the students of classes ix and x by the career counseling agency 'VIDYARTHA'. One to one session was held for students and parents which was conducted by professional counselors. The idea behind the session was to evaluate the students on various psychometric grounds. Students attempted an online test which analysed their bend of mind. The session was beneficial for the students to make up their minds about choosing their streams in future.
