

# **WORK SHOP ON SAFETY ON ROAD AND GIRL SAFETY**

**BY MR. RAMBIR SANGWAN & MS. MANOJ KUMARI**

Life is very precious and to enjoy life and achieve what we want to achieve we must first save it. Today's workshop conveyed us the same and made each and every child aware about their safety.

**Mr.Rambir sangwan explained about the traffic rules, the accidents which happen due to sill negligence and their disastrous outcome.** He also beautiful reminded all of us about the value of our life and life of others in the form of poetry. This session was very informative and beautifully presented.This session of Mr.Rambir sangwan ended with video which showed our previous efforts towards spreading awareness about road safety.

Next and last session was on **GIRL CHILD SAFETY** where **Ms. Monika kumari** gave us a lot of important information and do's and don'ts when any unfortunate situation takes place. She also answered many queries of students.

It was in all a great session enjoyed by one and all and helped everyone to stay alert anywhere they will be.
