**DATE: - 11.04.2016**

**VENUE: INDIAN HEIGHTS SCHOOL**

**CONDUCTED BY: PROFESSORS OF MALTA  
UNIVERSITY**

**ATTENDED BY: CLASS XII SCIENCE  
STUDENTS**

Indian Heights School, sector 23 Dwarka organized a workshop as a part of EDUCATIONAL PURSUIT PATERNSHIP PROGRAM for class XI-XII science students in association with Malta University. The workshop was conducted by renowned Professors of Malta University, Prof Isabelle, Director of Medical Foundation and Dr. Pierluigi Mollicone, Director Of Science Foundation Programme. It was a one

hour workshop which was attended by 10-15 schools. The programme started with school presenting mementos to the guests, followed by a small cultural presentation. The professors were then invited for their presentation. They shared their experiences with the school

.A detailed information about Malta University and the purpose of workshop was explained. The main purpose of the workshop was to collaborate with Indian schools for exchange of knowledge. They explained the various courses and streams offered by Malta University and the criteria of admission, fees structure, scholarships and structure of classrooms. It was overall an interesting session which enlightens the students with new career options abroad.
