

School Cinema Workshop

Date: 27/5/14

A workshop for teachers was organized by Edumedia. Mr. Lalit the prominent resource person briefed the teachers about the use of School Cinema Teacher's Kits & also shown School Cinema's National Award winning movie "Chasing the Rainbow" from class IX followed by a discussion among the teachers based on the movie.

Overall the experience was a very enriching one. Each one got the time to introspect and understand the reason for being a teacher and being aware of the situations where we can help our students.
