## A Glimpse of Practical Business

Venue: JMIS

*Business education has undergone tremendous changes in the wake of liberalization and globalization. With the fast changing economic scenario, Business Studies has been recognized as the language of business. It has carved out a place for itself at the higher secondary stage. A Business Studies Workshop was conducted by the subject expert and Former Associate Professor (Commerce) in Department of Education (CPE), Delhi University, by Dr. S.K. Bhatia. The key points included*

- Discussion on Teaching of Concepts with the inclusion of necessary key points and the examples of Co-ordination, planning and staffing.*
- Discussion on teaching of various processes with the examples of planning, staffing controlling and trading on equity.*
- A detailed lecture on the various types of questions i.e. application questions, opinion seeking questions, thought provoking/analytical questions and higher order thinking questions with the help of various illustrations.*
