

# WORKSHOP ON SEXUAL BEHAVIOUR OF CHILDREN

Date : Sep.19, 2014

Venue : India International Centre

A workshop for teachers on 'Sexual behavior of school children in changing socio – cultural environment' was conducted by ICTRC. The resource persons were Mr. Ravindren (a renowned psychologist and counselor), Mr. O.P. Jindal (chairman of O.P. Jindal Global University) and Ms. Katherine (a renowned counselor).

The core of the workshop was enabling the teachers to guide the students of growing age on such a sensitive issue. The emphasis was given to support the students in such a way that they can openly and fearlessly discuss their problems and confusion rather than hiding those.

Overall, it was an enriching experience for the teachers as counselor for students as well for their own wards.
