

Life Skills Workshop by NIE

25th May 2016

To stimulate and augment the knowledge of life skills amid teachers, JM International organized a workshop on the said topic for its staff, facilitated by Ms. Anu Singh from NIE. Ms. Singh is a prominent psychologist, associated with NIE for conducting life skills sessions with partner schools.

The workshop proved beneficial for upgrading teachers' knowledge with respect to the ten core life skills, as acknowledged by the United Nations. The

resource person kept all intrigued and percipient with instances from routine life to classroom situations. This further aided the teachers to relate to life skills beyond the theoretical concept.

The workshop envisaged partaking of all teachers through interactive means. The interaction was thoroughly enjoyed by the teachers.
