

# WORKSHOP ON CHILD ABUSE

Venue : School Auditorium

Date : 27 August 2014

Classes: III-VI

There has been an alarming increase in the instances of child abuse getting reported across India recently. The need of the hour is to educate and sensitize children about child sexual abuse and empower them to be better prepared. Keeping this in mind a movie show (A School Cinema movie - Believe Me) followed by a workshop was organized to effectively communicate the message which was followed by a discussion on different scenarios, addressing fears among them and suggesting ways of dealing with it. Handouts were also given to the parents, which was appreciated.
