DATE - 24-07-24
REPORT

On 24th July 2024, JM International School hosted a Career Counseling and Development Workshop for the students of Grades XI and XII. The workshop aimed to provide students with valuable insights and guidance regarding various career paths, particularly for those pursuing the Science stream. The session was conducted by an esteemed resource person, Mr. Rakesh Bhatia, who has extensive experience in career counseling and educational development.

Mr. Rakesh Bhatia provided detailed information on various entrance exams essential for different career paths. He discussed the exam patterns, syllabi, preparation strategies, and important timelines. The session also covered future career prospects, including higher education opportunities in India and abroad.

The Career Counseling and Development Workshop was a resounding success, providing Grade XI and XII students with comprehensive information and guidance about their future career paths.
