Dear Parents,

As part of our ongoing commitment to providing a high-quality education and maintaining the best facilities for our students, we continuously review our financial requirements to meet the growing demands and rising costs. The school has last revised the school fee in the Session 2015-16. Therefore, after careful consideration and thorough deliberation, the School Management Committee, in consultation with the PTA, has decided to increase the school fee by 9.5% for the current academic year 2024-25, effective from April 1, 2024.

We value the trust and support you have placed in our institution and are committed to maintaining transparency in our operations.

As parents, you are the major stakeholders in the school. We appreciate your understanding and cooperation as we work together to provide the best possible education for our children.

Thank you for your continued support.
