

Bloom Public School
C-8 Vasant Kunj, New Delhi

18/09/2017

Dear Parent,

The School endeavours to ensure Safety and Security at all places at all times. Our school buses are safe & secure. CCTV cameras are installed in all buses, footage is monitored & reported everyday. School teacher accompanies the student till the last stop. All bus Permits & Bus Fitness Papers are in place. The Drivers & Conductors travelling in the buses have undergone Police Verification.

However, a few conductors verified by the Police, do not possess licence as there is dearth of licenced conductors in the city. The School has advertised for licenced conductors and is awaiting response. The Transport Department during safety drive have impounded 245 buses in last 2 days on account of various short comings.

If due to above, any of our school bus gets impounded, it may result in not plying a particular route. The information of this will be made available through SMS. In this eventuality, you may be required to pick & drop your ward from school. If any exam due to this is missed, retest of the same will be conducted.

Your co-operation in this matter is solicited.
