Dear Parent,

The students of classes VI to VIII would like to invite you to our "S'**cool** lab day".

Venue – Chemistry, Physics and Biology Lab

Date -26/4/2017

Time – 8:15 a.m. to 9:30 a.m.

Our teachers strive to quietly construct a scientific and creative attitude in our young minds. The preparations for the exhibits and experiments were an exhilarating experience for us including the improvisations of Science kits and devices/ models.

We look forward to your presence to encourage us.
