**Story: Let's make Lemonade**

**It was summer time. Pinki and both her elder brothers, Toni and Sonu had their holiday and their parents were at work. It was very hot and Pinki and her brothers were feeling thirsty frequently. So, all three of them decided to make Lemonade and went into the kitchen. Toni cut the lemon carefully and asked Sonu to mix sugar and salt in water. Both of them said, "Pinki, you are very young so you can't help us in any way." When Pinki heard this, she said, "So what if I am young, I can still help you." She got ice and glasses etc. After everybody had enjoyed Lemonade, Pinki said, "Wow, how refreshing lemonade both of you made!" At this, Sonu replied, "We would not have been able to prepare such nice Lemonade so fast without your help. You have done a good job." Then both of them said thanks to her.**
