Resonance from the Parents' Heart

"What makes a child gifted and talented may not always be good grades, but a different way of looking at the work and learning"

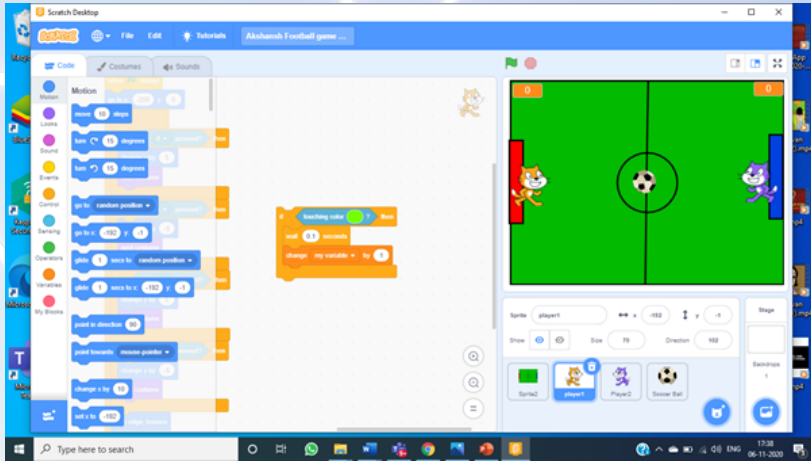

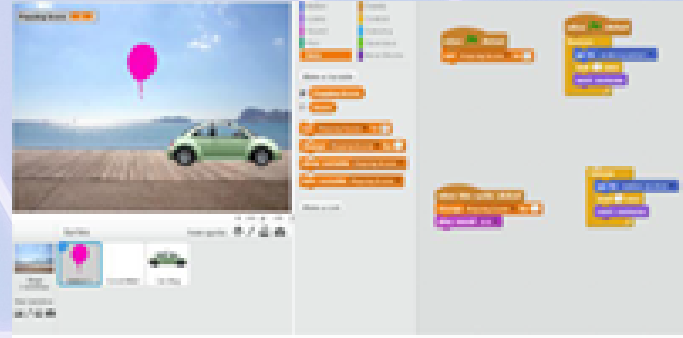

Xavronicle is a mirror of the school incepted to inform parents about the events conducted in the school and shares the progress report of the co-curricular activities and appraises us about what the students have been doing recently. It gives a brief detail of our school progress. The parents can foresee the future development plan for their children. It is a periodical measurement of the events, competitions and webinars conducted by the school. It also includes a plethora of activities that have happened in the last quarter within the school. Xavronicle strives to increase the energy of the children and encourage them by showcasing their talent and highlighting their achievements, awards and accolades. Xavronicle brings the children closer and teaches them to bond better with each other. It ignites the fire of unity amongst the Xaverians.

"Champions aren't made in the gym, they are made of something deep inside them-a desire, a dream, a vision" National Sports Day is a very auspicious day for one and all as India has made a mark in every field of sports worldwide. We at Xaviers celebrate this day with great pomp and show but due to the prevailing pandemic scenario, we came up with something different. Though we are far away from each other yet we are united in spirit hence to instil the feeling of nationalism and Sports alluring videos were made by children posing as their favourite sports personality.

Teachers Day Celebration

"Teachers are the most responsible and important members of society because their professional efforts affect the fate of the Earth."

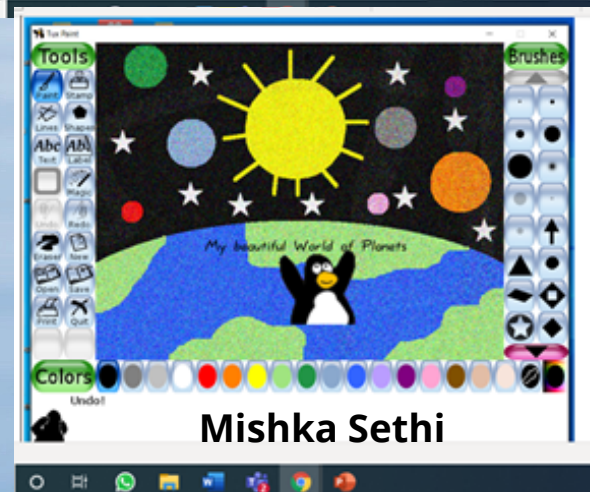

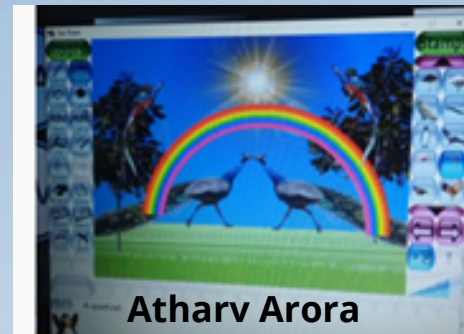

Teaching is a noble profession that allows a person to spread knowledge, share wisdom, and build the youngsters as capable and responsible adults in the future. In that sense, the future of this world is truly in a teacher's hands! Teachers teach students with great care and patience, and their hard work must be recognized by society. On this Teachers Day, the teachers of St. Xavier's High School were honoured through a special assembly. The pandemic did not dampen the spirits of our young Xaverians, who took it upon themselves to honour their beloved teachers. It was a beautiful ceremony adorned with breathtaking and overwhelming messages for the teachers from their very own children.

“ Experimentation is the greatest Science ”

Science is all about exploration and discovery, so there is no better way to get budding scientists excited about learning with hands- on activities and science experiments. Experiments help to develop a child's resourcefulness, particularly their skills at goal-setting, planning, and problem-solving. A series of constructive and fun filled experiments enhance the learning process beyond books. In order to make learning more experiential, Experimenting classes are conducted on weekly basis for the learners of Grade III. The learners are doing various experiments with full of eagerness , zeal and devotion.

The transition to digital platform is not easy for everyone, in order to have clarity, the faculty at St. Xavier's High School organized a colloquy for providing an insight to the upcoming assessments. The colloquy, headed by our esteemed head mistress Ms Geeta Kanwar, sought to provide assistance/solution to all the queries and concerns of our parents. Information regarding the assessment timings and grading technique was cascaded.

The parents participated enthusiastically in the colloquy and were genuinely happy that such an interactive platform was provided by the school. They appreciated the hard work of the teachers in planning a comprehensive revision for the upcoming assessment even during the pandemic.

"THE PATRIOTIC FERVOR GRIPS XAVERIANS"

With utmost pride we would like to apprise you all about the Grand Show titled "The 10 Chapters of India's Independence" where the students of Grades III to VIII presented 10 webinars back to back showcasing 10 different themes which highlighted the illustrious journey of our Independence.

In the entire event 160 students and 34 parents and grandparents participated. All of them collectively contributed in making the event a remarkable success. It was immensely impressive how the children took forward the webinars in the form of Group Discussions and gave overwhelming inputs. All the Xaverians outshined and stupendous confidence was portrayed in each and every webinar.

In an earnest endeavor to enhance the prevailing quality of English as a discipline, among the students, St Xavier's High School, Sector 49 organized an online English Literary Quiz- 'LitWiz'. The Inter-Class competition was segmented into two categories. The senior section comprised of students from Grades VI -VIII on 7th July 2020, whereas the junior participants had students hailing from grades III - V on 8th July 2020. It provided an opportunity for the participants as well as the non-participants to explore the world of English Language and Literature. It is rightly said that

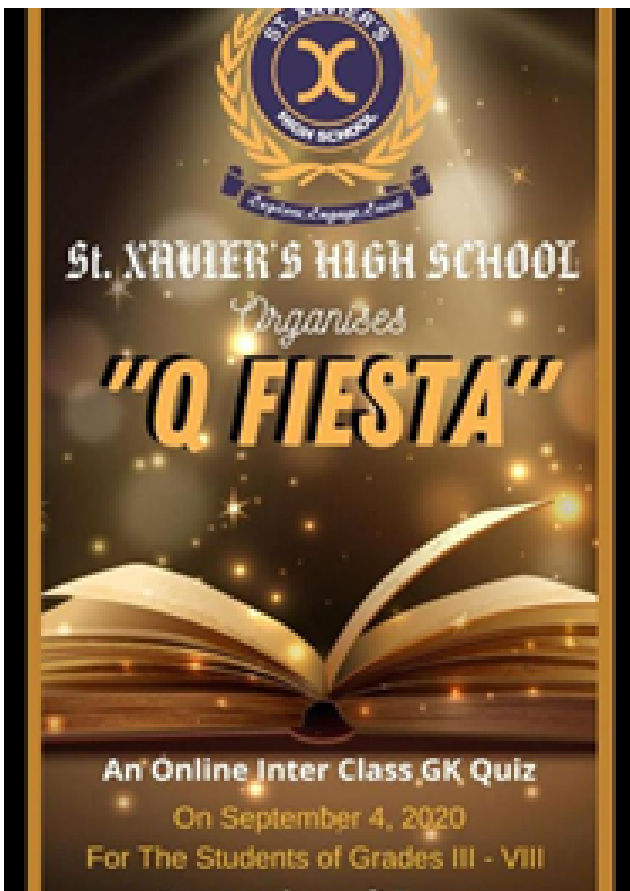

"Knowledge is the only kind of wealth that multiplies when you give it away".

"The quest for knowledge, like everything else of value, is not to be obtained easily. It must be worked for, studied for, thought for, and more than that must be prayed for."

RESONANCE FROM THE PARENTS' HEART

To all the teachers, I would like to thank you all for the encouragement you show towards these little children guiding them everyday to improve their knowledge. The GK quiz was a mesmerizing event for the children as with gaining knowledge they were so excited to answer not theirs but try their hands on other questions as well. It was a well executed event. Thank you once again to the teachers and management for making us a part of it.

RESONANCE FROM THE PARENTS' HEART

PARENT FEEDBACK OF PRISHA WALIA III E

This year 2020 has been really hard for all of us, specially for our kids, but all thanks to my child's school, that we have sailed through this difficult time really smoothly. My daughter is studying in Grade 3 in St. Xavier's High school sector 49, Gurgaon. The school management and the staff, they have adapted themselves so quick and so well to the sudden change in the entire education environment. While I have seen most of my friends struggling with the child, their academics , syllabus covered and finding out productive ways to keep their kids busy ,My child's school has been taking care of all this for me. Even during online classes along with the academics, they have been taking care of child's extracurricular things and even their hobbies. Introduction of even hobby classes was such a refreshing thing and innovative idea to keep the things indoor. Even on the academic front I am so satisfied the way concepts are being made clear to the kids, the doubt clearing session, Mock test , quizzes ,everything is an added help .I am so thankful to respected principal Sir, Headmistress madam and the lovely set of teachers for being with us on every step

PARENT FEEDBACK VANYA BOYAL III D

Hi am Priyanka, mother of Vanya Boyal, student of Grade 3D. My daughter is a part of St. Xavier's High School from past three years. I have seen remarkable growth in her over a period of time. Under the guidance of all the teachers, she is blooming really well. Initially, I was not very sure about online classes but the way teachers are managing the classes is commendable . How the teachers listen to each and every kid so patiently and make them understand the concept so smoothly on a virtual platform is not an easy task. I am glad that my daughter is a part of St. Xavier's High School where the focus is on holistic development of kids.

RESONANCE FROM THE PARENTS' HEART

PARENT FEEDBACK OF SHRIA MADAN III - F

Hello everyone, myself is Sanchita Madan, my daughter studies in St. Xavier's high school, she is in grade III- F and today I want to take an opportunity to thank St. Xavier's high school for the very hard work that they have been putting in . As we are a family, very happy with the way the Shria is being groomed in the school, so initially, when the virtual classes started, we were not too sure how the school will take care of the curriculum but they have very well done. They conducted the classes through Team. It's not about academic but apart from that a lot of focus is also on extra-curricular activity is like yoga, music, dance, you named it and they have it. The teachers are very cooperative, approachable and they made studies fun. There are so many fun activities that happens in the class along with the studies. The child is very very happy to attend these classes. Exams that are being conducted on MS Teams are very good, they grill the child in such a way & the questions that are being framed in such a way that its checks that the child has studied or not. The school is conducting online quiz, there was a Lit wiz that happened, and then there was a quiz on General Knowledge. So this way it is taking care of all round development of the child. We are very happy and happy to be associated with St. Xavier's and I wish the very best. Thank you.

PARENT FEEDBACK OF SANCHIT SHARMA III - A

I wanted to share my experience that we had so far with the school. This year with this pandemic, all the schools and organisations adapted the digital transformation and the digital learning mode to help the students. Initially, I was not sure whether the kids who are under grade 5, would be able to work like this and will this be successful? I would really take this moment to thank all the management in St. Xavier's High school, the teachers that ensure all the students learn efficiently. All the teachers are taking care of all the assignments, the mock test, the revision test and ensuring that each and every kid is participating in all the activities in all the division and assignments are done so that they learn efficiently and I see active growth happening. I would like to thank the entire management and the teacher staff who has been really supportive. Thank you so much St. Xavier's High School. I am really happy and a proud parent of the school.

Parent Feedback Monalika Sabharwal III C

As they say the school is the second home for a child, so choosing the right one is an important decision in everyone's life. St. Xavier's High School, Gurgaon stands apart when it comes to academics, values and exposure to the outside world. It is equipped with state of the art infrastructure a very safe environment for the children well qualified and trained teachers and visionary management. The curriculum of the school is a balance of rigours academics, extracurricular activities, practical trainings and other activities . School environment is very disciplined yet it is constituted to the continuous progressive learning of the child. In this tough times of COVID St. Xavier's High School is taking every step in providing at par excellence in virtual education through Play way Methods and also focusing on child mental and physical health. I found the school quite active on social fronts through insightful online webinars, international cultural exchange programs, sports and another activities. Respected Principal Sir Headmistress ma'am and each mentor is open to feedback and suggestions .Parents participation in various activities are welcomed by the school which is truly appreciated .I can see tremendous growth and learning each year in my child's aptitude, acumen and overall skills . The school makes an effort to simplify and help the child to perform the best through monthly planners ,daily activity log on the portals, regular parent teacher meetings, doubt clearing sessions and extra classes. I can say that St. Xavier's High School, Gurgaon truly live up to their motto of "Explore ,Engage and Excel" and I feel truly blessed and proud to be associated with it

RESONANCE FROM THE PARENTS' HEART

PARENT FEEDBACK OF YANA CHANDEL III G

I am Rashmi. My ward Yana Chandel studies in grade 3 G. I am very satisfied with the way St. Xavier's High School is conducting online classes. In the beginning it was a challenging situation for the teachers as well as for the students to incorporate themselves in online study setup. However, with the exemplary guidance and the hard work of the teachers, kids were able to learn, understand and respond to the academics as well as to the extra-curricular activities. Teachers were very innovative in their ideas to indulge kids for holistic learning and growth. Teachers are conducting online examinations very smoothly. In my view, teachers have surpassed the breakeven of parent's expectations during this hard time of Covid-19. So many Congratulations to the entire team of St. Xavier's for doing such a commendable job. Keep doing it!!

PARENT FEEDBACK OF VANSH GERA III H

Hi, I am Shweta Sharma, Mother of Vansh Gera, class III H, St Xavier's High School, Gurgaon. If I had to describe my experience with the school in one word, it would be collaboration. We were very sceptical as to how Vansh will be able to cope up with this new digital learning platform which came out because of the pandemic and lockdown, but I think the class teacher Miss Deepa Singh, she was able to make this transition extremely seamless, even without meeting the children. The learning and engagement continues and there is never a dull moment in class 3 H. The students are participating in competitions. They are also taking their exams, infact the school is completing all the revisions for the exams during the school hours which is also taking off a lot of burden from the parents shoulders. Infact the teachers are doing a commendable job in managing such a difficult time with so much of patience. So thank you so much, I think I am very happy that Vansh is a part of St Xavier's High School and as found one of the most senior and matured teacher as his class teacher who is focusing a lot on his core needs as student and also addressing all our queries and supporting us every time we need her. Thank you so much
