## SPLASH WATER PARK VISIT

Classes: - I TO XII

JMIS had organized a recreational trip to splash water pool in Alipur for the students of grade I TO XII. Children went for the trip with full excitement and enthusiasm. On the arrival the students were given light refreshment. Then the students enjoyed water rides and other amusement rides. Later to beat the heat the students were taken to the pool. They were served with healthy and nutritious lunch accompanied by ice-cream which they relished to the last. Lot of fun and frolic activities were organized such as musical chair, dance etc. At the time of dispersal children were served with their all-time favorite cream biscuits and a small gift as a token of remembrance.

Overall it was a fun filled experience and an unforgettable one too.
