

VISIT TO AEROPLANET

Our school organized an educational trip to Aeroplanet on 24th November for grade 3 students, where an Airbus – A300 and CRJ 200 Jet Aircraft is positioned.

This educational trip showcased two aircrafts with display and service in the real aircraft ambiance.

Entry to the airbus A300 comprises of boarding the Aircraft, demonstration of life saving jackets, oxygen mask, seat belt etc. was done by trained technical staff followed by visit in the cockpit

Further Children enjoyed Balancing bar, Rope Climbing, Commando Net, Tunnel Crossing, Trolley Ride, Trampoline and Bouncing etc. under the same roof. Special provision for Disaster Management Training like Fire and Smoke Drill with safety measures was conducted by Mr. Gupta the owner of Aeroplanet and a retd. pilot. The CRJ-200 Aircraft which was

positioned at Aeroplanet in 2011 is being given movement (Rolling and Pitching) to give experience of Air Turbulence and walk on inclined surface. Magic show was also organized for the children. After such recreation students were served with delicious snacks. Last but not yet one entertaining section of Music & Dance was enjoyed by the students.
