

Visit to National Museum

National Exploring and observing makes learning not only concrete but develops interest. Keeping the same idea in mind the school organized a visit for the students of classes VI to X to National Museum as a part of an excursion programme. Students experienced the art of different historical periods like the Harappan, Mauryan, Gupta, the Mughal miniature paintings & the Buddhist art.

The Museum also offered an interactive show of 30 minutes depicting the excavation sites of Harappa and Mohenjo-Daro.
