CLASS ENRICHMENT:

CLASS- MT (Mother Toddler)

Non-Fire Cooking Activity

Cooking without fire can be a fun and safe way for kids to get involved in the kitchen.

Non-fire cooking is a great way to introduce children to new foods and flavors, and can be a fun family activity for all ages to enjoy. With a little creativity and some simple ingredients, there were endless possibilities for delicious no-cook and low-heat recipes that kids can make on their own or with the help of an adult

Finger Printing Activity

Fingerprint activities was a fun and easy way to improve fine motor skills, learn about color, shape, and spatial relationships and engage a variety of senses including hearing, touch, and smell. They encourage students to focus on the process of creation instead of the final product and give them plenty of room to practice their own techniques. This collection of creative art projects, fingerprint analysis labs, literacy, and math-based lessons, as well as hands-on crafts, are sure to delight every student in your classroom!

Color Mixing Activity

Our little artist in the Mother Toddler class dove into the magical world of color mixing!! Using everyday treasures like coffee, turmeric and beetroot they discovered the artistry behind blending hues. Tiny hands creating vibrant masterpieces- a delightful day of learning and creativity...
