

EARTH DAY

22 April 2022

This is the moment to change it all — the business climate, the political climate, and how we take action on climate. Now is the time for the unstoppable courage to preserve and protect our health, our families, our livelihoods... together, we must **Invest In Our Planet. Green future is a prosperous future.**

We need to act (boldly), innovate (broadly), and implement (equitably). It's going to take all of us. All in. Businesses, governments, and citizens — everyone accounted for, and everyone accountable. A partnership for the planet.

And while there is still time to solve the climate crisis, time to choose BOTH a prosperous and sustainable future, and time to restore nature and build a healthy planet for our children and their children, time is short.

The Earth Day 2022 Theme is "Invest In Our Planet".

A special assembly on earth day was presented by class V .. A group song “mother Earth ,mother Earth”was sung by students of classes I to class V. It filled the air with the magical feel for our mother Earth. Students had brought plants from their homes which they decorated in their classes.They then promised to take utmost care of the plants planted by them. Later in the day a drawing and Slogan Writing competition related to Earth day was conducted in the school.

The children went back home enlightened and happy.
