### Glimpse of the Event

#### *Objectives:*

The primary objective of the inter-house poetry competition was to

- encourage students to think creatively by designing unique and personalized gift wraps.
- promote teamwork by having students work in pairs or groups.
- instill a sense of giving by wrapping gifts for a local charity or community organization.

**“Creativity is just connecting things. When you ask creative people how they did something, they feel a little guilty because they didn't really do it, they just saw something.”**

*MBS International School* organised an Inter-House Gift Wrapping Competition for the students of class VI. The event aimed at encouraging the students to think about the art of gift wrapping while fostering creativity, teamwork, and a spirit of giving.

Students were made to sit at their designated places and began the wrapping process. Each group was tasked with wrapping gifts within a set timeframe. They were encouraged to use their creativity in decorating the gifts, utilizing the materials brought from home. The class atmosphere was lively, with students actively engaging in discussions and sharing ideas on how to make their wrapped gifts stand out.

Students developed practical skills in gift wrapping, including measuring and cutting paper accurately, and creating neat, aesthetically pleasing packages. The activity encouraged students to use their creativity to design unique gift wraps with decorative elements. Working in groups helped students practice collaboration and communication.

The gift wrapping activity was a resounding success, achieving its objectives of skill development, creativity, and community engagement. The positive feedback from participants and the successful donation of gifts highlight the value of such activities in fostering a supportive environment.
