

ZONE 20 SCIENCE SEMINAR 2024

“Winning isn't everything--but wanting to win is.”

Vitasta Pathak of Class X-D has secured the second position in the zonal level science competition held on 16 August at SKV Rajokari. The event, which saw participation from over 30 schools in Zone 20, centered around the theme "Artificial Intelligence: Potentials and Concerns."

The competition was rigorous, comprising three rounds:

1. Written Test
2. Presentation
3. Question-Answer Session with Judges

Vitasta excelled through all stages, and her presentation received high praise from the judges. This impressive achievement has earned her a spot in the District Level competition.

Heartiest congratulations to Vitasta Pathak for this outstanding accomplishment! Your hard work and dedication have truly paid off. We wish you continued success as you advance to the next level.

Ethical Considerations
The rapid growth of artificial intelligence (AI) has raised concerns about its potential impact on society, the environment, and the workforce. This slide outlines key ethical considerations and the potential for AI to be used for good.

AI for Social Good
AI has the potential to be used for social good in various ways, such as improving healthcare, education, and environmental protection. However, it is important to ensure that AI is used responsibly and ethically.

Responsible AI Governance
Responsible AI governance involves the development and implementation of policies and standards that ensure the ethical, legal, and social implications of AI are taken into account. This includes transparency, accountability, and the protection of individual rights.
